In order to claim articulated credits earned through one of the articulated Career Pathway programs available at the high school, a student must:

- Request the credits within 12 months of high school graduation
- Have 2 or more articulated courses within a Career Pathway with a “B” or better
- Declare a certificate or technical major associated with the articulated credits earned at high school
- Enroll in at least two technical courses after high school graduation to continue the certificate or degree plan associated with the high school program
- Complete additional requirements specified in the articulation agreement
